Principal,
Veerashaiva College,
Ballari.

About the College

Veerashaiva Vidyavardhaka Sangha, Ballari is a pioneer in starting educational institutions in the backward districts of Northern Karnataka much before independence. Its contribution to the field of education is highly significant. The sangha established its first HEI, Veerashaiva College in 1945. It believed in quality. It has produced nationally and international reputed scientists, writers, administrators, people's representatives, teachers, doctors, engineers and so on. Curricular, co-curricular, research and extension activities have been implemented in a beneficial manner by using well-built infrastructure for the complete and perfect growth of the students.

Department of Sociology was started in the year 1986. Right from the establishment of the department, it has actively engaged itself in creative activities. It has been organizing national and state level seminars and workshops on various themes. Students are always involved in personality and capacity building activities.

About Ballari :

Ballari is the district head quarter situated in the eastern central part of Karnataka. It has direct links to the capital cities like Bengaluru & Hyderabad with well connected air, rail and road routes within a distance of 300Kms. It has also become a hub of high grade iron ore mining and export centre. Ballari is also popular for Jeans and Garments apparel production. Hampi, the world famous heritage sites of Vijayanagara Empire is just two hours' drive from here. Atal Bihari Vajpayee National Tiger Park is built recently near Kamalapur. Sloth Bear sanctuary is sprawling along hillrocks of Daroji and Gudekote. The city is famous for its geographical wonder of a huge hillock of single granite rock, whose top is adorned with a beautiful fort. The sites of Neolithic age are situated in Sanganakal Village. The district has got historical economic and cultural importance.

About KSOU:

KSOU Mysore was established in the year 1996 by the act of Assembly. The University aims at providing quality education at affordable cost under the slogan "Higher Education to Everyone and Every Where". Lakhs of students have acquired their degrees in different streams in its rich history of 24 years. Interests of lower class women are protected in the form of giving 25% concession in tuition fees. Research activities have been accorded much importance in the academic arena. The infrastructure created in the main campus and regional centres with all the advanced learning facilities lays a strong base to the better career of the students. The alumni of the University have been working in superior positions both in India and abroad.

About the Seminar:

A major section of the Indian Society was excluded from the main stream of life for several centuries in the name of inhuman practices. In Indian history, great social and religious reformers made systematic efforts to create awareness among the people and liberate them from socio-cultural clutches. After independence, a few leaders continued this struggle consistently for the well being of the depressed classes. A veteran political leader Babu Jagjeevanram is one among them. His role in Indian freedom movement is not only significant but also incredible. Being a close associate of Indian National congress, he sincerely tried to include measures of untouchables' welfare in the agenda of congress. He contributed to the improvement of the Indian society with his rich knowledge and experiences. The mission of his life was to empower the lower castes in all the respects. When he was agriculture Minister, he devised his own strategy to increase the agricultural products and make India self reliant in food grains. It was because of his efforts India stopped importing of wheat from USA in 1951.

He ignited the minds of untouchables to fight for social justice and equality. His emphasis on providing education to dalits boosted their morale and enabled them to come out from centuries old caste imposed restrictions and taboos. His significant role in the implementation of reservation policy is unforgettable. It was he who spent his whole life for the upliftment of the marginalized sections and particularly the scheduled castes and scheduled tribes.

In this background, it appears imperative to review the implementation of the laws made and the progress achieved so far and also the bottlenecks to be addressed in both these areas. Discussions and debates are needed to be initiated for the better understanding and adaption of Babu Jagjeevanram's dreams, designs and ideals.

Some Themes:

1. Caste, Poverty and Social inequalities.
2. Caste Eradication and Social security
3. Poverty and Social Justice
4. Reservation Policy and Social equality
5. Privatisation of Education hinders social justice
6. Globalisation and Social Equality
7. Contributions of Babu Jagjeevanram to Social Justice and Equality
8. Role of Babu Jagjeevanram in the development of Indian Society
9. Babu Jagjeevanram as a successful leader of Dalits.
